

## Learn (or refresh) French pronunciation to better understand and be understood!

*Chers francophiles de l'Alliance française de Gainesville !*

In addition to four courses already in session this month, a NEW workshop is now open for registration (click below). It will run every other Friday, **August 14, 28, and September 11, 5 PM to 7 PM** (three meetings, six hours of student-teacher contact!)

### FRENCH PRONUNCIATION

#### Theory and practice - Accent reduction workshop

The workshop focuses on active problem-solving issues such as the vowels...and their different pronunciation (e...e+i...e+u...e+n...e+uil...oeil...!?), the famous and dreaded "R", the liaisons, the prosody - "musical" stress-patterns of French, and more.

In order to tailor to individual needs, students will break into groups with *two* instructors monitoring progress **during class**. Listening and speech practice (speech therapy) **homework** will also be assigned.

This late summer workshop welcomes **all skill levels of French** and follows the methodology used by several universities and higher institutions.

Recap: Workshop meets in person, for two full hours, three times:

August 14, 28, and September 11 (every *other* Friday for six weeks)
